

POSTER CONTEST WINNERS

14 to 17 year olds:

Tiffany Cheng is a 17-year-old senior at Washington High School. She enjoys being with her friends and family and trying new things. Her hobbies include listening to music, drawing, making ceramics, and baking cookies. Her mother, District 4 senior transportation engineer Arlissa Pang, says, "She loves traveling by car to visit different places throughout California." Tiffany would like to remind everyone to, "Slow for the Cone Zone and Move Over for all emergency response vehicles, including Caltrans, because it's the law! Everyone needs to pay attention and do his or her part."
